

Smartbill® Product Pricing for the Australian Government

Pricing Methodology

The Smartbill pricing methodology is based upon:

- **Number of SIO** (Services in Operation) MULTIPLIED BY **Product cost per SIO** (Services in Operation)
- Smartbill provide a tiered pricing model where discounting is applied to the **Product Cost per SIO**, based upon the **Number of SIO** (Services in Operation).
- Please email the team at info@smartbill.com.au to share your requirements and receive the Smartbill Australian Government Rate Card
